

Waste Reduction\*

Nuisance Avoidance\*  
(Dust/Odour/Litter)

\*Can be recycled

\*Virtually dustless with DRS6-A

# TE 6-A Cordless Rotary Hammer

The Ergonomically designed D-grip for comfortable use over long periods. Robustly built and superbly engineered for cordless optimization. Excellent performance and best battery capacity for a tool of this weight. Outstanding working comfort thanks to AVR Active Vibration Reduction. Virtually dustless drilling with the DRS-6-A dust removal system.

## Features and Benefits

- Most power full combination of battery power (36v x 3amp)
- Impressive breaking performance - up to 6 tons of concrete per hour which puts the TE 3000 on a par with compressed air tools
- Optimum solution to vibration problems this tool can drill more than 1000 holes before reaching legal safety limits
- Cordless integrated Dust Removal System powered by tool motor means higher productivity and safety

## Technical Specification

|                                       |       |
|---------------------------------------|-------|
| Rated Voltage (v)                     | 36    |
| Decibel Reading dB(A)                 | 91    |
| Blows per minute (impacts per minute) | 4500  |
| Drilling capacity (mm)                | 13-20 |
| Weight (kg)                           | 3.7   |

Product Code 11/0140
