

Elite Globe Light

Energy Efficient

Resource Efficient

The Elite Globe Light is a glare free, omni-directional, robust light suitable for a multitude of applications including plastering, general work space illumination and confined space works. The Globe Light is exceptionally versatile and can be suspended from a ceiling or wall, tripod mounted or simply placed on the floor, permitting its use in a variety of reduced light applications. The Globe Light is linkable and allows up to 25 additional lights to be connected.
