2ft and 5ft Fluorescent Plasterers Light

The 2 and 5 Plasterer lights with retractable legs offer a safe and easy portable light that can be linked together and used either vertically or horizontally. The 2 light has a 28 watt output producing around 2700 lumens with its array of LED lights, the 5 light has a 40 watt output producing up to 4000 lumen and both can be used for plastering, illuminating passages and for first fix applications. Weighing less than 10kg means they are easy to move, carry, transport and store.

Technical Specification (2ft) (5ft)

Power (watt)	28	40
Lumens (lm)	2700	4000
Weight (kg)	8	9
Voltage (v)	110	110
Transformer (kw)	3	3

Features and Benefits

- Retractable legs
- Lightweight
