

Electric Compactor

A lightweight professional compaction plate with high performance and travel speed from the 12kN vibration unit. Designed with an environmentally friendly electric motor for use indoors and poorly ventilated areas.

Features and Benefits

- High compaction force reduce operating time.
- Environmentally friendly, 1.5kW zero emission electric motor, ideal for night time and urban use.
- Low HAV design allows longer, safe usage times
- Front and rear manual handling points for easy 2-man lift.
- 8mm thick long life base plate for optimum compaction and reliability.

Technical Specification

Weight (kg)	50
Speed (m/min)	24
Width (mm)	380
Decibel Reading dB(A)	99
Centrifugal Force (kn)	12
Fuel	Electric
Vibration Reading (m/s ²)	3.97
Dimensions HxWxL (mm)	875x380x1050

Product Code 18/0088
